Phscoronati.wikispaces.com

Supplies:

Three ring notebook, spiral notebook, college ruled paper, headphones, TI-30xIIs calculator and pencils. Students may bring their own laptop or tablet.

Communication:

I send bi-weekly emails to parents and students. My email list is generated through Home Access Center. Students and parents must update their email addresses on Home Access Center to be included in the email list. The email is only sent to the parent listed as the guardian. If you need a password for Home Access Center contact Joan McCue at mccuej@parklandsd.org or call 610 351 5900 ext. 65562.

Website:

All teacher websites can be accessed through the PHS website www.parklandsd.org/phs/. Click on the box labeled "Staff Websites" in the upper right hand corner of the PHS website. The direct link is phscoronati@wikispaces.com.

Schoology:

Students can access assignments on parkland.schoology.com. Username is your ID number and password is your student login. Passwords must be reset in the library. A paper agenda of assignments is also provided to each student.

Math Lab:

Math Lab is located in the rear of the library. Students can get help with homework from teachers and honors math students during study hall and after school. Students must ask for a math lab pass and can go as often as needed. Student tutors are also provided by the National Honor Society. The Librarian Mrs. Dickerson can help get tutors in math and other subject areas.

Keystone Algebra 1 :

Students who were not proficient on the Algebra 1 Keystone Exam will be retaking the exam on January 12th and 13th 2015 and will have a second chance to take the test again on May 24th and 25th 2014. We will be using IXL, Khan Academy and Algebra 1 Boot Camp as the primary tools for remediation and test preparation. Some students may be assigned to the Project Based Assessment or Math Lab for additional review.

Make Up Work:

Make up tests should be taken during study hall. Students without study halls will need to make up tests during collaborative or independent time in class. Students may also arrange to make up tests after school.

Class guidelines

- Arrive on time and sit in your assigned seat
- Remain seated during class time
- Use restroom during independent and collaborative stations only

Grading Policy

- Tests and quizzes are announced
- Homework must be completed to get full credit
- Khan skills must be completed on time to get full credit
- Ixl skills with a score or 80% or higher will get full credit
- Cornell notes must be completed for all videos

Classroom Behavior

- Be on time
- Be respectful
- Be responsible for your own actions
- No food or drink in school except clear water bottles
- No phones in class
